MEMO TO: West Los Angeles ZX Computer Users Group

FROM: George Kuby- (213) 201-2014 (Call after 3:00 P.M.)

Our next meeting is scheduled for Saturday, January 28, 1984 - 10:45 AM to 12:30 PM (Doors open at 10:30 AM)
(Subsequent date: March 24, 1984)

The place: Santa Monica Library - Fair View Branch
2101 Ocean Park Blvd.
(Directions: West on Santa Monica Freeway
to Cloverfield Exit (on Cloverfield)
then south two long blocks to
Pico Boulevard - then right, (i.e.,west)
on Ocean Park Boulevard)

Cedric Bastiaans, who discussed at our last meeting how to use word processing in business (with Sinclair/Timex computers), will be lead-off speaker discussing the recent Consumer Electronics Show.

Jerry McMaster will show us how he uses the "Organizer" for billing at his "McMaster Swimming Pool Service" on Oak Street.

Also, Randy Walker will discuss some software for the 2068.

Then meet Pastor William Colby-Newton, who will demonstrate his Suntronics KD 81 keyboard.

Finally, hear our own Jim McKenzie give us the word on "Fastword," a unique word processing package.

Tip of the month: Hope you caught the sale at Thrifty Drug for Timex 1000, plus 16K, plus 3 programs of your choice, all for $39.95!! A few branches have continued the sale past their scheduled date.

Any original programs that you would like us to print for our membership? Please bring in any information on vendors you recommend with services or products for ZX computers, and phone me if you would like to be a scheduled speaker.

We look forward to seeing you January 28.
